Linkages/Networking

Presence of a big and well reputed international donor like TDV in our donors and support list has improved our trust level, fund raising and networking prospects at local level.

On one hand philanthropic organizations and individuals has started supporting our infrastructure and capacity building components. On the other hand, higher education institutes have joined hands with AHST to carry forward their mission by providing scholarships to Al Hijrah graduates

We have succeeded in developing linkages with local level donor organizations and higher education institutes for provision of scholarships to our graduates

Local Resources Mobilization

Since major operational expenses i.e. faculty and staff salaries, boarding, food, uniform and healthcare were sponsored by Turkiye Diyanet Vakfi; Al-Hijrah was able to mobilize local resources for the construction of 2 new dormitories/ hostels with capacity of 280 students, principal's family residence and expansion / improvement of Prayer Area.

We are planning to generate operational expenses from Pakistan in coming four years, inn shaa ALLAH.

Principal Residence

As TDV Sponsored major operational expenses, local resources were used to construct residence for school leadership/principal

Temporary arrangement was made by turning 16 classrooms into residential facility

A Residential facility containing two bedrooms, one kitchen, one dining hall and garage has been built.

Awards & Recognitions

With TDV's technical and financial support, the college gained widespread popularity in Education sector in Balochistan. Improvements in terms of academic excellence, provision of state of the art services, talent management for the poor segments of society and dedication of the staff towards the cause as a mission. All these contributed towards quality education and character building of the students and In acknowledgement of its contribution provincial government of Balochistan conferred Balochistan Excellence Award 2017 to Al-Hijrah College.

Future Vision

- Establishment of Skill Development Center based on research and development to address skill mismatch and irrelevancy of conventional education in wake of Fourth Industrial Revolution and Automation Age.
- Increasing the outreach through increasing intake from 2 students per district to 1 student per tehsil.
- Establishment of similar institutions in other provinces of Pakistan dedicated for the talent management amongst the poor.
- Establishment of a full-fledged university for social and management sciences to provide applied knowledge to develop spirit and capabilities in local communities to formulate indigenous solutions to societal problems.
